SHEET 1: A cool topic for this sheet

Due 19.01.2023

Exercise 0 Setup

Setup some stuff to be able to do all following tasks. Also demonstrate custom exercise numbers.

Exercise 1 Example Title

Example Init Task:

a) Task 1

This is the loooooooooooooooooooooooooooooooooong solution for the way to complex first Task.

b) Task 2  This was easy and has a short answer. 

c) Task 3

 I'm too long to be printed inline, but not long enough for multiple lines.
