Exercise 0   Setup

Setup some stuff to be able to do all following tasks. Also demonstrate custom exercise numbers.

Exercise1   Example Title

Example Init Task:

a) Task 1

✏️

This is the loooooooooooooooooooooooooooong solution for the way to complex first Task.

✏️

b) Task 2 ✏️ This was easy and has a short answer. ✏️

c) Task 3
    ✏️ I'm to long to be printed inline, but not long enough for multiple lines. ✏️
